Round 1 - Fit & Ease of Use (25 points)	Fit (15)	Stays in Place	Mask doesn't shift or require frequent adjustment.	*2*	1.5	some shifting, very bulky
		Comfortable to wear	No pinching, nose bridge compression, or orbital discomfort.	*2*	0.5	Not nice to wear, very hard to see, impossible with misting on. the weight of the mask and the abttery pack gives you a mild headache. it puts a lot of pressure on my forehead.
		Free from sweat	Good ventilation; doesn't trap heat or moisture.	*2*	0.5	i men it's designed to trap in moisture. but having the nose clear is good
		Easy to Speak	No restriction around mouth/jaw.	*2*	0.5	you can speak, but it's very hard to hear. and if you have the mist function on it's no good
		Easy to Breathe	Nostrils not blocked; doesn't cause a claustrophobic feel.	*2*	2	nostrils are clear
		Easy to put on/off	Simple, intuitive process.	*2*	0	no, horrible setup. lots of parts. cords, very heavy.
		Even Skin Contact	Mask sits flush and maintains consistent facial contact (especially around the nose and cheeks).	*2*	0	no direct skin contact whatsoever
		Good strap system	Adjustable, stable, not overly tight.	*1*	0.5	adjustabl yes, but not pleasant to use
		Total (/15)			**5.5**	
	Operation (10)	Simple operation	Simple buttons, logical itnerface (no need for manual), responsive buttoms	*3*	2	Its ok - one button on the side, but fiddly setup, especially with the mist function, and then you have the remote as well
		Cordless	Cord free design	*2*	2	It is, though it does have a wireless remote - but it's not needed - other than to change modes. i don't know why this wasn't included on the device itself
		Ability to disable wavelengths	1 point to turn off NIR. One poiint to turn off Blue	*2*	1	No blue, but no way to turn off NIR
		Clear & useful instructions	Think about first timers	*1*	1	operation is well covered, RLT science and the mist info is not
		Other	Easy charging.(USB-C) Travel friendly (foldable? case?) Timer Adjustment Other things?	*2*	1	USB C, not travel friendly at all. Uses Lasers, ultrasonic micro-mist, and active essence infusion - i think this is meant to hydrate the skin. I'm not sure if combining mist with RLT is wise? issues with cleaning. Extremely bulky deviec. no timer or intensity adjsutment.
